CHRISTMAS CONCERT

I know there has been lots of discussion about our Christmas Concert over the past few days and I understand many of you would love an evening performance but we have made the decision this year that due to ventilation issues, we will have daytime shows only. This week's new guidance means that only those who are doubly vaccinated or have a negative Covid test will be admitted to each event.

PLEASE NOTE THE FOLLOWING:

- Monday 20th and Tuesday 21st December at 1.15pm.
- 'Booking in' system available from Monday 22nd November at 9.15am on our school app. You can only book one seat at a time. (Sorry about that, but it is the way the app is set up)
- Maximum – 80 people at each event, sitting at a 1m social distance.
- Masks must be worn throughout the concert.
- All windows will be open – you need to wear warm clothes
- The concert will last for one hour maximum.
- You can take your child/children home with you after the concert.

Please do not panic if you do not get booked in – we will make every effort to accommodate everyone.

THERE WILL BE NO HUB
